A foreclosed home on Greenhurst was reported to have squatters. 2 Officers went out and ordered the persons out of the home. A stolen motorcycle was on the property. A CW member reported that neighbors had stated the persons were stealing electric and water as the services had been turned off.

Lt. Barnhill noted that gunshots had been reported in the neighborhood but no idea where. Several persons stated that they had heard them at various times in the time period but were unsure of where they were coming from. We were urged to call a report in even if not sure of location.

The Treasurer reported he needed to fix the light at the Greenhurst sign as rain had shorted it out. Our current account is \$565.

A ditch cleaning machine has been spotted on Blackwell and it is expected to do some culvert repair in the sub-division.

No President report

Webmaster told us that he has been in touch with Mr. Chinnis and the barriers are up at the end of Bailey leading into Carrington Chase but Nick has seen workers driving through. A pile of gravel and a construction machine are now blocking entry.

The Secretary reported she had put up a Halloween wreath and the next thing will be Christmas lights in early December. There was a report that the house at 100 Carmon has gotten rid of some of the many cars that were in their yard but still have some unlicensed cars. We have seen improvement but must concentrate on the big issues and let some of the small stuff go.

The meeting adjourned at 7:55PM

We are truly grateful for the assistance our County Employees give us.
